

TORRIÉ

WELLNESS POD

Characteristics

COMPOSITION

Blend of roasted ground coffee, chicory and barley.
Ingredients: Coffee (80%), chicory (10%) and barley (10%).

GENERAL CHARACTERISTICS

The fast pace of daily life, stress and poor eating habits all lead to a growing concern about our well-being. With this in mind, Torrié has launched a range of products suitable for our modern lifestyle, in the belief that the pleasure of enjoying a good coffee can be part of a healthy diet. Studies indicate that chicory may have prebiotic properties and may help to regulate hepatic function, and that barley may have positive effects in regulating intestinal function. According to these studies, barley and chicory may promote the regulation of the digestive system, aiding digestion, combating excess cholesterol and diabetes, and diseases of the colon, contributing to general well-being.

ORGANOLEPTIC CHARACTERISTICS

Appearance - This Torrié Wellness shows an intense golden brown color.

Aroma - The nose is marked by the aromas of toasted bread and dried fruits.

Taste - In the mouth it is slightly astringent, embedded in a characteristic bitterness. Bittersweet and with a moderate body.

TECHNICAL CHARACTERISTICS
